"Housemade" itineraries - Genuine comments from travelers.

Our tours, and generally speaking all the contents we create are the result of a long research and more than 10 years experience. But they are regularly, not to say constantly, copied particularly by one of our competitor agency based in China. Don't be surprised, but just know how to recognize the copy from the original!

We don't publish fake comments from travelers like this has sadly become regular practice in the Internet. All the comments you will find on forums or on our websites are guaranteed genuine! Here are some feedbacks from our travelers here : [Comments from travelers in China](#)
